

BISH-BASH-DOSH

The exciting way to raise money for children & young people with Cerebral Palsy and other complex disabilities.

WWW.BDCPS.CHARITY

How does it work?

Company teams of around 6 should each start with a stake of £20, £50 or £100!
You decide!

Each team will then work together to come up with a way to raise as much money from the original stake as they can! You can set the time frame for this - it could be a one day team building accumulator challenge, or you could extend it for one week, one month or even 3 months!

There are no limits to what you can do, as long as you do it safely and legally! You could use a nominated person, leader boards or social media to keep track of each teams fundraising and encourage some healthy competition!

At the end of the fundraising time frame, each team will count up their totals. Someone from the company will then get in touch with us to let us know the totals raised by each team, and we will arrange to either meet you or send you something to say thank you!

There are so many benefits...
